Alley Vacation Ordinance

DETAILS**Specific Location and/or Address**

Alley Vacation in the 700 Block of Taylor Street.

Reason for Project

Expansion of the existing Comcast Cablevision facility.

Discussion (Including relationship to other Council actions)

16 December 1991 - Public Hearing

John Wernet, attorney for the petitioners stated that Comcast Cable is the owner of the property north of the east/west alley and has an option on, and will close this week, on the property to the south of the alley. He stated that Comcast is undertaking a \$2.3 million dollar expansion of its facility. He stated that they will be building a 22,000 square foot new warehouse and office building which is directly over the east/west alley and some of the new parking is over the north/south alley. He stated that they will be tearing down some of the existing buildings and in order for the employee parking and vehicle parking to be behind the building, the building needs to be located on top of what is the existing alley. He stated that they will be working out any easement requirements or relocation of utilities as needed.

John Shoaff questioned why Comcast needed to expand.

Mr. Wernet stated that the existing facilities house 128 employees. He stated that Comcast's

Planning Staff Discussion:

This area is located west of Fairfield Avenue and on the north side of Taylor Street. Comcast Cablevision has maintained their offices and some storage at this site for some time.

Staff evaluates vacation petitions against an established criteria that includes the need to maintain the right-of-way for public access, principles of orderly growth and development, property values and the overall good of the public.

These two alleys are not needed to provide future access to any public place or way, nor are they necessary for the future growth of the immediate area. Staff did note that there appear to be some utilities currently located in these alleys, and therefore would require the petitioner to either provide a replacement easement, or to bear the cost of relocation.

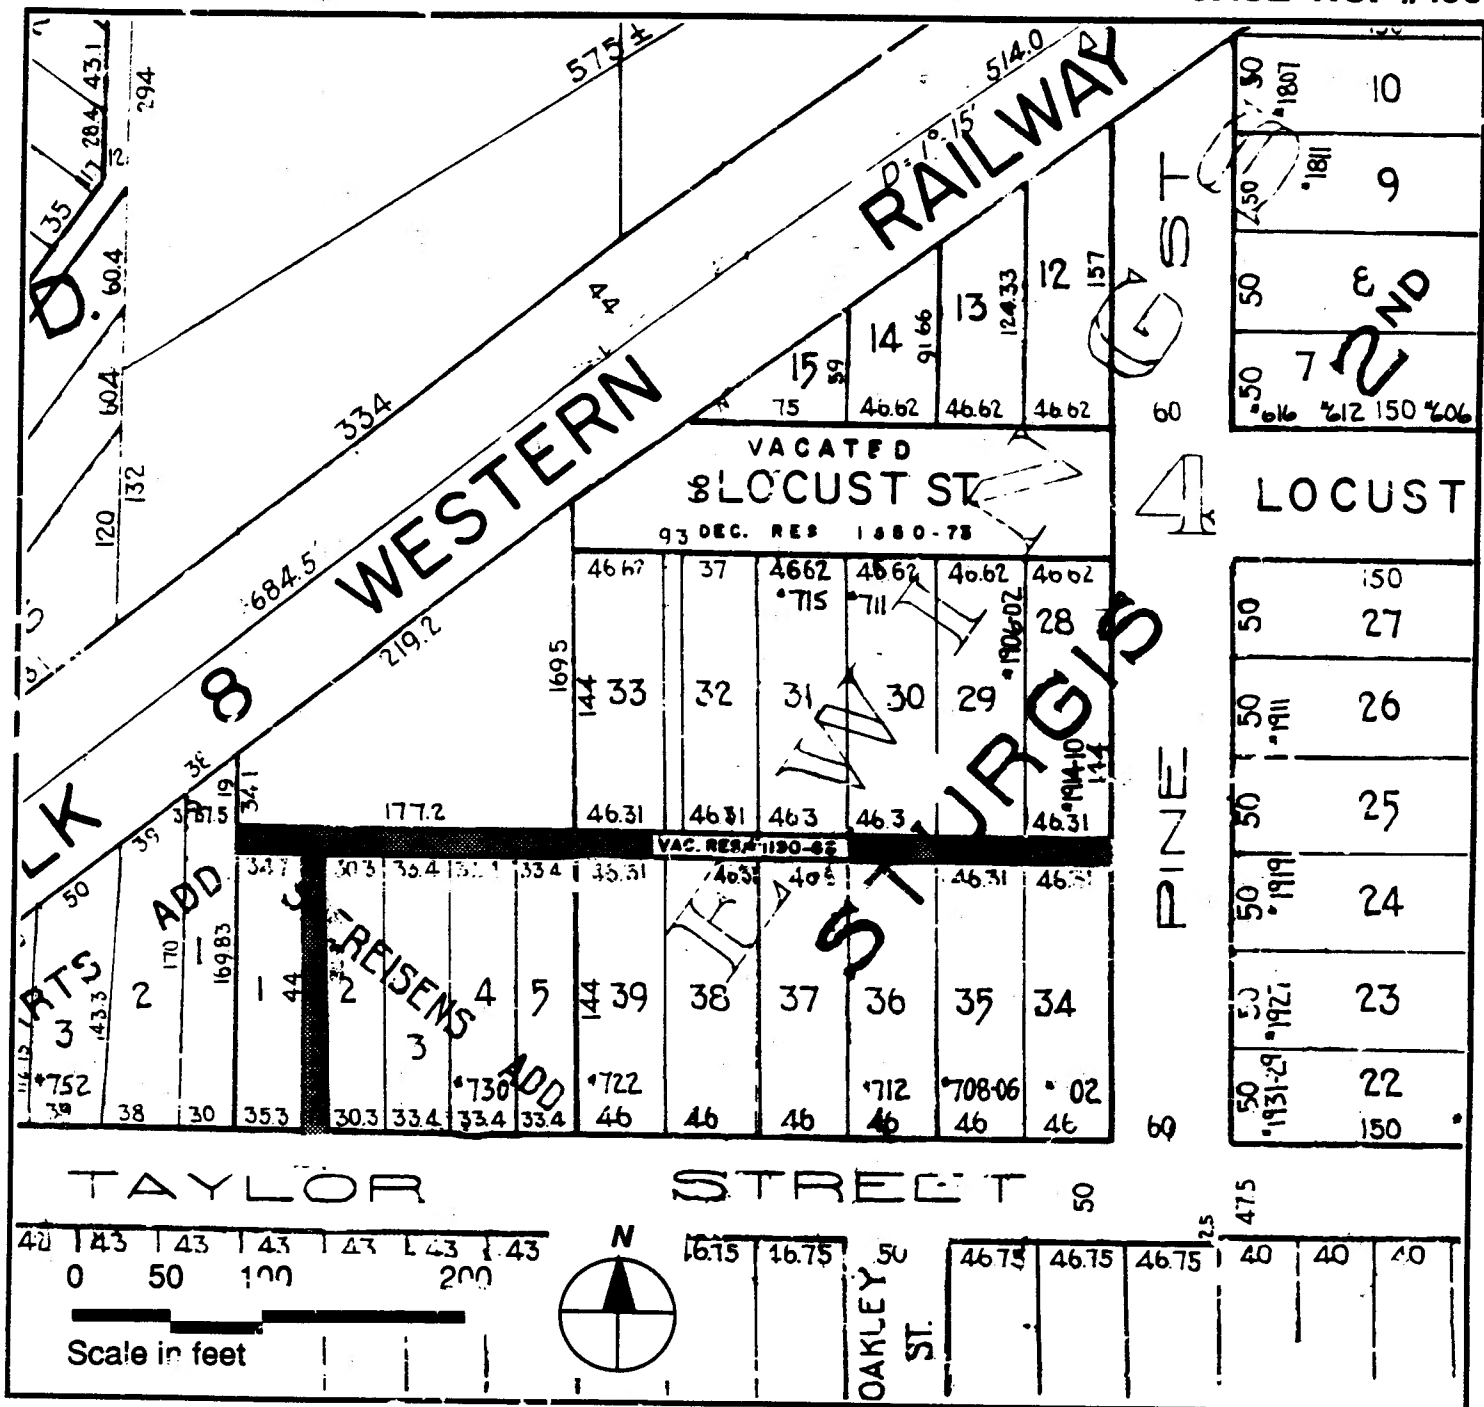

Recommendation: Conditional Approval, contingent upon the petitioner providing for utility easements or relocations as necessary, and for the following reasons:

- 1) Approval will not hamper any additional orderly growth of the area;
- 2) Vacation of these alleys will in no way hinder access to public ways or places, and;
- 3) Approval may be in the best interest of the City by allowing for potential site growth, and by placing this area on the tax rolls.
